Overview

DOZCO Rock Breaker 100A is a compact and powerful attachment designed for applications such as demolition, agriculture, trenching, breaking asphalt and concrete. It is compatible with mini-excavators, backhoes, and skid steer loaders, offering versatility on construction sites. Through efficient design and reliable performance, the DOZCO Rock Breaker 100A provides effective rock breaking capabilities in tight spaces. With its durability and range of applications, the DOZCO Rock Breaker 100A is a reliable choice for various construction and landscaping projects.

Specifications		Rock Breaker 100A
Operating Weight*	Box	138 Kg
	Side	103 Kg
	Top Split	-
Height (Incl. Tool)	Box	1158 mm
	Side	995 mm
	Top Split	-
Tool Diameter		40 mm
Tool Length		450 mm
Optimal Oil Flow		15 - 30 lpm
Setting Pressure		150 bar
Operating Pressure		90 - 120 bar
Return Line Pressure		10 bar
Impact Rate		800 - 1400 BPM
Bottom Plate Thickness (HB)		20 mm
Control Valve Type		Internal
Applicable Carrier		0.5 ~ 1.5 ton
2 Stroke Control		No
Accumulator		No
Auto Greasing		Optional
Anti Blank Firing (ABF)		No

**BPM
Adjuster**

**Enhanced
Durability**

**Easy to
Maintain**

**Optimum
Productivity**

Features at a Glance

- Reinforced body for greater reliability
- Larger piston diameter for increased impact energy
- Lower operating cost
- Newer accumulator design for higher efficiency
- Improved power / weight ratio to maximise productivity
